9-15 PARK PLACE, NEW YORK CITY

## FALL, 1927

Service and Satisfaction is the standard and foundation of the reputation we justly enjoy. We buy the best for you (and from you). Give us the consideration of your confidence by placing orders sufficiently in advance to permit us to live up to our standard—in fairness to yourself.

## S. S. S. BULB SPECIALTIES

### A Few Unsolicited Comments Which Speak for Themselves

#### TESTIMONIALS

Allow me to extend to you my thanks and appreciation of your service in the past. Your stock has always been of the best quality and has invariably run true to name. This confidence in your goods is of great satisfaction to me, as I can plant and grow same with a feeling of surety as to the final result.

FRANK A. APLIN,  
Gales Ferry, Conn.

Jan. 27, 1927.

The Lilies are very fine, and, in fact, the best I have had in years.

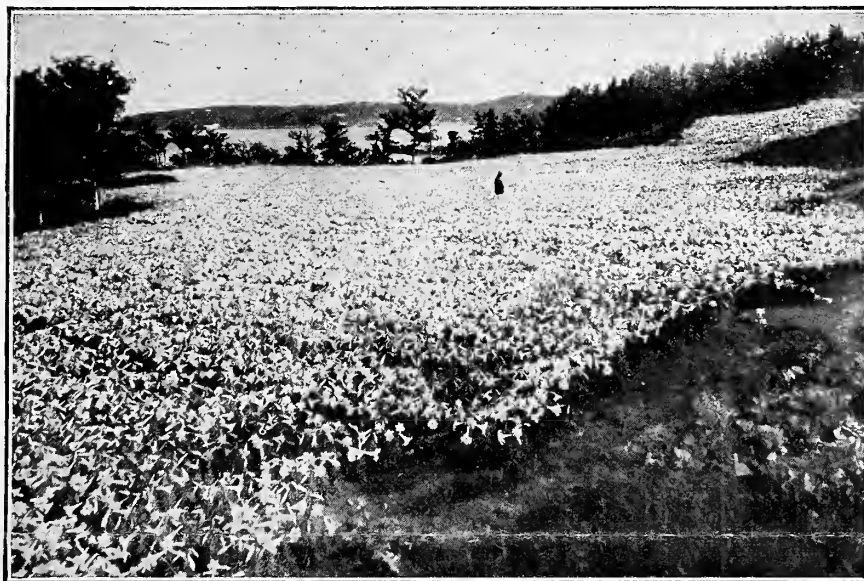

P. C. CLAPIER,  
Topeka, Kan.

Mar. 22, 1927.

The two cases of Harrisi Lily bulbs you shipped us were certainly O. K. They developed into strong, healthy plants, producing from four to seven buds per plant, from 6-7s, good enough for any one. Trusting they will come through as well next season, we are,

H. A. PINNEY & CO.,

June 14, 1927. Elmwood, Conn.

Some of our prized Liliun Harrisi in their native land—Bermuda

#### TESTIMONIALS

Your Harrisi Lilies came through fine again as last year, and expect to use them for my main Easter crop next year.

ROY RUDOLPH,

Feb. 28, 1927.

Cincinnati, Ohio.

For fifteen years, we have purchased our Liliun Giganteum bulbs from your firm, and have had excellent results. This year, they were especially good. Every Lily black stems, healthy, robust growth and free flowering, with practically no disease.

Our order is already placed with you for Fall delivery, and we hope and expect the same results.

G. H. SINCLAIR,

June 27, 1927.

Holyoke, Mass.

Harrisi and Formosum Lilies from you have never been better. Harrisi will average six blooms, and as for Formosum, some have as many as twenty-six good buds, the majority fifteen to eighteen.

W. E. TRICKER,

Mar. 17, 1927.

St. Paul, Minn.

## LILIES

### ERABU FORMOSUM

For immediate and later delivery Per case

"We would like more of your best mixture of Pansy seed. They were fine last season with many brown and bronze shades. They were also the first to bloom. Please mail as early as possible." LELAND CARNATION COMPANY, Middleboro, Mass.

## CYCLAMEN SEED

(STOLDT'S STRAIN)

None better at double the prize. Numerous letters of commendation we receive, speak well for the excellent results obtained from Stoldt's strain.

Don't take our word for it. See what one of the largest and best growers of quality Cyclamen says:

June 13, 1927.

S. S. Skidelsky & Co., New York City

Gentlemen: We are in receipt of the Cyclamen Seed we have bought from you for the past four years from Stoldt, Germany. We have grown them along with seed purchased from other specialists of Germany, and we find it to be in our opinion, one of the best strains we have ever handled.

In addition to the fine habits of the plants, they have been floriferous, large flowers and very fine colors. We will continue to use this strain.

Yours very truly,

ROBERT CRAIG CO.,

Norwood, Pa.

### A NEW ROSE WORTH HAVING

**GRILLODALE.** Something entirely new in the Rose world and promising to stay. A sport of Butterfly. Ivory color with a pink tinted center, that becomes more intensified, as the large, solid flower opens. It is extremely free all times of the season and has little or no blind wood. Delivery Feb. 1928 and later. Scions, prices later.

**Grafted Plants.....** \$45.00 per 100, \$400.00 per 1000

Will Also Have Other New and All Standard Varieties

Prices on any not listed above and quantity prices on all varieties on application

## CARNATIONS

Our list of recent best introductions and standard varieties will be obtainable in due season

### NEW CARNATIONS

Delivery December 1927 and Later

**EARLY ROSE (Dorner).** The justly much-talked-about "Hit of the Show" at Columbus, and every place else it was shown last Winter. Earliest of all pink Carnations and a continuously free bloomer. Holds its even clear, light rose pink color, without fading. Its strong, upright stems hold fine flowers.  
**EARLY DAWN (Dorner).** One of the best fancy Carnations, whose pleasing color make it an attractive and profitable variety to grow. A large flower, very prolific, borne on strong and robust plants. A light yellow flower, with faint pink markings, becoming deeper toward the edge of petals and retaining the best keeping qualities.

**PINK ELDORA (Patten).** Dark pink, a trifle lighter than Ward. We all know Eldora. This is a sport and produces just as many fine flowers all season through, that ship and keep, as well as its parent.

**WHITE ELDORA (Patten).** Ditto as above, but pure white.

**SOPHELIA (Chas. A. Schaefer).** A clear dark pink Carnation that will live up to its numerous medals and certificate awards. Freely produces large, full flowers on stems even better than its parents (Akehurst on Matchless). It seldom splits and is a fine keeper and shipper.

All above Carnations, R. C., \$15.00 per 100, \$125.00 per 1000

**YUNEDAPINK (Kircher).** A tried out seedling, Ward color. A wonderful producer and free, clean grower with flowers of average size all season through. Something to fill the need for a Ward substitute. Yunedapink is a good commercial Carnation for the job. R. C., \$12.00 per 100, \$100.00 per 1000.

## SUNDRIES

### INSECTICIDES—Continued

**Uspulin.** Premier disinfectant for seeds, bulbs and tubers and for use in propagating. The best yet to prevent damping off. Lb. tin \$2.75, 5 lbs. \$13.00.

**Fungtrogen.** A highly concentrated fungicide that conquers mildew and controls black spot on Roses and other plants and is an effective plant stimulant as well. Qt. \$2.00, ½ gal. \$3.50, gal. \$6.00.

**Nicofume Liquid.** 4-lb. tin (½ gal.) \$7.00, 8-lb. tin (gal.) \$13.00.
